Deadline	Program	Opportunity Description
SSHRC ***2014-2015***		
May 1 August 1 November 1 February 1	Connection Grants	Connection Grants support workshops, colloquiums, conferences, forums, summer institutes or other events or outreach activities.
NOI: August 15 **Internal review: September 30** Application: October 15	Insight Grant	Insight Grants provide longer-term funding for mature research projects proposed by individuals or teams. Insight Grants may be valued at up to $500,000 over three to five years.
Internal review: January 15 Application: February 1	Insight Development Grant	Insight Development Grants support research in its initial stages and help researchers develop new research questions and approaches. Funding is provided for short-term research development projects, of up to two years, proposed by individuals or teams.

November 1	Partnership Grants – L01	Partnership Grants are awarded to institutions, to support initiatives that advance research and/or knowledge mobilization activities. They provide funds of between $500,000 and $2.5 million over four to seven years and follow a two-stage application process: Stage 1—Letter of Intent; and Stage 2—Formal Application. Only those proposals awarded a Letter of Intent grant (valued at $20,000) will be eligible to submit a Formal Application.
February 1	Partnership Grants — Full Application	See above.
November 30	Partnership Development Grant	Partnership Development Grants are awarded to individuals, to design and test new partnership approaches for research and/or related activities. They provide funds of between $75,000 and $200,000 over one to three years and follow a standard, one-stage application process.
Continuous	Automotive Partnership Canada	APC proposals are accepted on an ongoing basis. This allows proposals to come forward as industry needs arise and also allows for proposals to be uniquely crafted according to the requirements of the research and industry challenges at hand. There are no minimum or maximum dollar amounts that can be requested. Projects can range from six months to five years in duration.
Continuous	Canadian Initiative on Social Statistics Access to Research Data Centres	Application process and guidelines are based on the affiliation of the Principal Investigator and the type of research being conducted at a Research Data Centre.
Continuous	Aid to Scholarly Publications (ASPP)	ASPP is a competitive funding program designed to assist with the publication of scholarly books on topics in the humanities and social sciences.
