BROCK UNIVERSITY – DEPT. OF EARTH SCIENCES
M.Sc. Theses – chronological listing (page 1 of 6) 1975 - 2012

Laporte, J.	The geology of Rankin Inlet Area, 1975.
Winn, R.	Postglacial paleoecology and effects of European settlement on the environment of Lake Hunger and Lake Lisgar, southwestern Ontario, 1975.
Delaney, G.	A reconnaissance study of the metamorphic petrology and volcanic geochemistry of a portion of the Island Lake Greenstone Belt, Manitoba, 1976.
Woerns, N.	Landscape geochemical investigations in the vicinity of a lead deposit at Snertigingdal, southern Norway, 1976.
Gombos, F.	The role of vermiculite in the fixation of potassium in soils and the availability of potassium for vine nutrition in some Niagara vineyards, 1977.
McAtee, C.	Palynology and late-glacial and postglacial sediments in Georgian Bay, Ontario, as related to the Great Lakes history, 1977.
Parkins, W.	Onondaga Chert: geological and palynological studies as applied to archeology, 1977.
Fisher, J.	Textural characteristics of coarse sediments in selected streams of the Niagara Peninsula, Ontario, 1978.
Ghorashi, M.	Development of hypogene and supergene alteration and copper mineralisation. Patterns, Sar Cheshmeh Porphyry copper deposits, Iran, 1978.
Mostaghel, M.	Genesis and distribution of Mississippi Valley-type ore assemblages in Middle Silurian Strata, Niagara Peninsula, Ontario, 1978.
Veska, E.	A hypothesis for the geochemical anomaly in the North Creek Watershed, 1978.
Winn, C.	Vegetational history and geochronology of several sites in southwestern Ontario with discussion on Mastodon extinction in southern Ontario, 1978.
Payne, C.	Petrography, geochemistry and structure of the Timmins area, Ontario, 1979.
Tabatabai, M.	Petrolography and geochemistry and structure of McArthur Township area, Ontario, 1979.

Wu, T.W.	Structural, stratigraphic and geochemical studies of the Horwood Peninsula – Gander Bay Area, northeast Newfoundland, 1980.
Bazinet, J.	Geology of the Gander Group. Gander River Ultramafic Belt, and Davidsville Group in the Jonathan's Pond-Weir Pond Area, Northeast Newfoundland, 1981.
Chen, C.	An investigation of geological and geochemical characteristics late Quaternary sediments in the Georgian Bay Region, Southern Ontario, 1981.
Dillon, D.	Geology of the Sand Creek Porphyry Molybdenum Prospect, 1982.
Otto-Flint, J.	Sedimentology of the Sixteenth Mile Creek Lagoon, Niagara Peninsula, Ontario, 1983.
Davison, J.	Physical volcanology, sedimentology, stratigraphy and petrochemistry of the Berry Creek metavolcanics; and Archean cal-alkaline complex, Lake of the Woods, Ontario, 1984.
Chaudrey, M.	The effects of moisture, cation concentration, temperature, density and composition of soils on their electrical resistivity, 1984.
Kresz, D.	Evolution of an Archean greenstone belt in the stormy Lake-Kawashegamuk Lake area (Stratigraphy, structure and geochemistry), Western Wabigoon Subprovince, Northwest Ontario, 1984.
Leyland, J.	Quaternary geology of the Campbellford, Trenton, Consecon, Tweed, Belleville, Wellington, Sydenham, Bath, and Yorkshire Island map-areas, Ontario, 1984.
Mihychuk, M.	The surficial geology, sedimentology and geochemistry of the late glacial sediments and paleozoic bedrock in the Campbellford area, Ontario, with special reference to the Drummer Complex, 1984.
Podolak, W.	Drift dispersal in central Southern Ontario, 1984.
Williams, B.	An investigation of the application of 29Si magic angle spinning, nuclear magnetic resonance in geology, 1984.
Barnesley, J.	A sedimentological study of the glacigenic deposits, 1985.
Maddalena, A.	Armor coats, inverse grading, and streambed scour in selected streams of Southern Ontario and Western New York, 1985.

Pastirik, G.	The sedimentology of unconsolidated deltaic and aeolian sediments east of Dunnville, Ontario, 1985.
Buck, S.	Structural studies and gabbro mylonitization within Barton Bay Deformation Zone, Geraldton, Ontario, 1986.
Cumming, R.	Petrography, petrochemistry and petrogenesis of Huronian volcanic rocks of the Elliot Lake Region of Ontario, 1986.
Kester, S.	Abrasion, transport and distribution of sediment in selected streams of Southern Ontario and Western New York, 1986.
Morrison, J.	Molluscan carbonate geochemistry and paleoceanography of the Late Cretaceous western interior seaway of North America, 1986.
Wassenaar, L.	Geochemical and paleoecological investigation of marine molluscs of late Pleistocene submergences, Ontario, Quebec and British Columbia, 1986.
Lorek, E.	Geochemistry and petrogenesis of the Proterozoic pater metavolcanic suite,Spragge, Ontario, 1987.
Reilly, B.	Structural analysis of the Paint Lake Deformation Zone, Northern Ontario, 1987.
Soo, K.	A geochemical and petrological study of volcanic rocks in the Beardmore/Geraldton Archaean Greenstone Belt, Northwestern Ontario, 1988.
Bates, N.R.	Biogeochemistry of Paleozoic Brachiopods from New York State and Ontario, 1989.
McAllister, J.E.	Microstructural and geochemical investigation of North American Lower-Middle Paleozoic trilobites and recent anthropods, 1989.
Tremblay, J.	Middle Ordovician (Whiterockian-Chazyan) Trilobites from the Sunblood Formation District of Mackenzie, 1990.
Colquhoun, I.	Paragenetic history of the Ordovician Trenton Group Carbonates, Southwestern Ontario, 1991.
Amr, I.A.	Microfacies analysis of the Lower Paleocene Beda Formation in Western Concession 59 and Block 59F, Sirte Basin, Libya, 1992.

Kimmerly, C.	Geochemistry and petrogenesis of the McElroy and Larder Lake Assemblages, Abitibi Greenstone Belt, Northeastern Ontario, 1992.
Redmond, D.	Structural studies in the southern Province, south of Sudbury, Ontario, 1992.
Melzak, A.	Trilobites of the Upper Cambrian (Marjuman)Pika Formation of the southern Canadian Rocky Mountains, 1993.
Dreger, D.	Sedimentology and Micromorphology of Drumlin Sediments at Chimney Bluffs State Park, New York State, 1994.
Gao, Y.	Diagenesis and Geochemical Stratigraphy of Upper Pennsylvanian Madera Brachiopods, New Mexico, 1994.
Paterson, J.T.	The Sedimentology of the Bloomington Fan Complex: An Element of the Oak Ridges Moraine, 1994.
Benincasa, T.J.	Sedimentology and Stratigraphy of the Lower Silurian Grimsby Formation, in Subsurface Lake Erie and Southwestern Ontario, 1996.
Campbell, I.T.	Environmental Assessment and Biomonitoring of the Twelve Mile Creek Watershed, Niagara Peninsula, Ontario, 1996.
Cuggy, M.B.	Patterns of Faunal Change at an Upper Cambrian Trilobite Extinction Event, Nolichucky Formation, Tennessee and Virginia, 1996.
Scriver, C.	Geochemistry and mineralogical association of heavy metal contaminants in fine grained sediment, Welland River, Southern Ontario, 1996.
McFarland, S.	Sedimentology and taphonomy of storm-generated shell beds from the Verulam Formation (Ordivician), Lakefield and Gamebridge Quarries, Southern Ontario, Canada, 1997.
Goodchild, S.	Geological Image Processing of Petrographic Thin Sections Using the Rotating Polarizer Stage, 1998.
Johnson, M.F.	The Sedimentology of the Lower Silurian Whirlpool Sandstone, in Subsurface Lake Erie, Ontario, 1998.
Gostlin, K.E.	Continental margin architecture: the palynological signature of glacioeustasy, 1999.

BROCK UNIVERSITY – DEPT. OF EARTH SCIENCES
M.Sc. Theses – chronological listing (page 5 of 6) 1975 - 2012

Placko, J. Environmental Assessment of Lake Gibson Sediments, Water Quality, and Soils of the Niagara Region, 1999.

Sarvis, A.P. Postglacial Water Levels in the Great Lakes Region in Relation to Holocene Climate Change: Thecamoebian and Palynological Evidence, 2000.

Tiffin, S.H. Dinocyst biochronology and palynofacies – inferred systems tract character of Miocene sequences from the New Jersey Mid-Atlantic Transect (ODP Legs 174A and 174AX), 2001.

Yazicioglu, M.B. Analytical Modelling of Bacterial Migration and Accumulation with Rate-Limited Sorption in Discrete Fractures, 2002.

Findlay, D.J. Anomalous carbonate preservation in the abyssal North Pacific, ODP sites 882 and 1179: planktonic foraminiferal analysis, climate change and paleogeomagnetism, 2004.

Little, M.L. Pollen and grain size records in abyssal sediments of the northwest Pacific Ocean as proxies of Plio-Pleistocene climate change, 2005.

Smith, I.A. Hydraulic and Fluvial Geomorphological Models for a Bedrock Channel Reach of the Twenty Mile Creek, 2005.

Taylor, J.M. The Micromorphology of Paleoseismic Soft Sediment Deformation Structures in Glacial Deposits from Three Sample Sites in Scotland, 2005.

Van Riezen, R. Armourstone Revetments – will standard design criteria prevent failure?, 2005.

Marsh, J. Regional variations of deformation mechanisms in the Lorrain Quartzite near Whitefish Falls, Ontario, Canada, 2008.

Neville, L.A. Investigating the Potential of Thecamoebians (Testate Amoebae) as Bio-indicators of impact of Oil Sands Mining Operations on Freshwater Environments in Northeastern Alberta, Canada, 2009.

Redwing-Shaw,V. Bioindication of Ozone Using Milkweed Plants in Southern Ontario, 2009.

Barnard, M. Impact of Considering the Effects of Latent Heat on Caldera-Hosted Hydrothermal Systems, 2010.
