Remembering victims of violence against women

The event now known as the "Montreal Massacre" has come to shape many of our thoughts and views on violence against women. This year marks the 15th anniversary of this tragedy that robbed 14 women of their lives.

This horrific event brought together many different people and groups who united in the fight against violence against women. Here at Brock, it was the impetus for the creation of the Women's Studies Program. "The Brock Women's Studies Program....is dedicated to the memory of the 14 women engineering students who died at the Ecole Polytechnique in 1989, and whose death dramatized the need for a better understanding of the relationships between women and men." (www.brocku.ca/womensstudies). Each year the Brock community comes together to remember these 14 women and the many others who suffer violence in our community. Please consider attending the following events:

- **December 1, from 2 p.m. to 4 p.m. in Thistle 242:** Mark Solomon of Brock's Student Development Centre, will present the recent Amnesty International report, Stolen Sisters, which documents a history of violence in Canada against aboriginal women and which challenges our citizens to act to bring about positive change in this area.
- **December 6, from 11:30 a.m. to 3 p.m. in Rita Welch Meditation Centre and Senate Chambers:** The Women's Studies Department, Campus Ministries, the Multi-Faith Centre, the Student Development Centre, the Harassment Prevention Office and Brock Diversity will hold a memorial service to remember the 14 women and will include a story-telling circle from 12 noon to 1 p.m., where members of the Brock community can come together to share their thoughts, emotions, memories and hopes.
- **December 6, 1 p.m.:** All Brock community members are encouraged to observe a moment of silence at 1 p.m. to honour the memory of all victims of violence against women.

For more information on any of these events, please contact Lynne Bubic, Harassment Prevention Officer at ext. 4019 or go to www.brocku.ca/ohps

Diwali and Eid celebrations on campus

On November 11, International Services and the South Asian Students' Alliance sponsored Diwali celebrations in the International Lounge. It is colloquially known as the "festival of lights" for the common practice is to place candles around the house. Diwali signifies the renewal of life. It also heralds the approach of winter and the beginning of the sowing season. Diwali celebrations are similar to Christmas celebrations around the world.

On November 18, the Office of International Services, with the assistance of the Muslim Students' Association, sponsored Eid celebrations on campus. Eid Al-Fitr, or the Celebration of Breaking the Fast, marks the end of Ramadan. Ramadan is a month of religious devotion and fasting, marking the time the Prophet Mohammad is believed to have had the Koran revealed to him by God. It is celebrated by most of the world's one billion Muslims.

Pictured is Carol Wu (left), Head, Library Systems and Technologies, explaining the main console of the classroom to several donors.
