o The CHYS MA program generally requires applicants to hold a four-year undergraduate degree that includes completion of an undergraduate thesis. Applicants are required to hold a minimum of 75% in their undergraduate programs however successful applicants often have averages in the 80% range. The CHYS program requires that applicants submit all official undergraduate transcripts.

o Three letters of reference. These references should be completed by professors who are familiar with the applicant's undergraduate work. In some cases, one of the references may come from a work or volunteer-based supervisor.

- A one or two page letter outlining the applicant's interest in studying in the CHYS MA program. The letter should address the applicant's previous academic studies as well as any work conducted with children and youth. Also, an important component of this letter is a statement about the particular professors with whom the applicant wishes to work. Applicants should indicate, in rank order, up to three professors with whom they are interested in working.

- A sample of one's written work. This may include a previous academic assignment or a portion of the applicant's honours thesis. The work should be a good indication of the applicant's research interests and potential, and should be no more than 20 pages.

- International applicants should refer to the International Students Information outlined on the Faculty of Graduate Studies page: http://www.brocku.ca/gradstudies/admissions/#7
