

Email Communication to GPD's

September 2010

September 13

Graduate Program Directors,

As you know we have all been striving to admit as many as possible qualified domestic master's students for the Fall 10 entry point. The FGS is able to continue to process admissions up to the 3rd week of October and have the admissions included as part of our November 1 MTCU count. We understand however that as classes commence that it will be difficult for many programs to continue to admit late students. Therefore, please let Trish and I know (by email: tfinn@brocku.ca and gpepper@brocku.ca) if you wish to have your Fall 10 entry point remain open for late applications a bit longer or if you wish to now close the entry point as of September 15th.

Best regards,
Gail
