

The Bachelor of Science in Health Sciences prepares students to meet the entrance requirements of North American Schools of Medicine, Dentistry, Chiropractic, Occupational Therapy, Optometry and Naturopathy.

Program Description

- Develop an understanding of the biophysical determinants of health while gaining an appreciation of their broader influences.
- Pursue an established program that integrates knowledge and skills in areas such as anatomy, physiology, pharmacology, pathology, infectious diseases, endocrinology and clinical epidemiology.
- Gain valuable hands-on experience by completing an optional internship in a clinical or public health setting, working as a research assistant, or studying independently with a faculty member.

Admission Requirements

- English (ENG4U)
- · Biology (SBI4U)
- Chemistry (SCH4U, min. 70%)
- One 4U math (MDM4U preferred)
- Recommended: Exercise Science (PSE4U)
- · Average in the 80s

Please contact the Office of Admissions for all applications and admissions questions: admissions@brocku.ca

"After attending Brock and participating in Med Plus, I have been able to not only make lifelong friends but decide on a career path. The hands on learning and one on one teaching has allowed me to find my strengths and weaknesses and apply them.

Laura Fisher
Health Sciences, Class of 2013

Our Grads... their Careers

- Physician
- Dentist
- Chiropractor
- Optometrist
- Physiotherapist
- Naturopathy
