

Campus Safety

Brock University is well known as a safe and friendly campus. Even so, it is very important to have safety measures in place. On our campus you will find many different programs and services that help to keep our community safe.

Campus Security Services

The role of Brock University Campus Security is to enhance the quality of life on campus by preventing crime and preserving the peace of the campus community. These responsibilities are met by working co-operatively with everyone in the campus community.

The Campus Security office is located at the Kenmore Centre, across the street from the Walker Complex. You may call Campus Security Services both for general inquiries, at 905-688-5550 x4300, or for emergency situations at x3200. Office hours are 8:30 a.m. to 4:30 p.m. Monday to Friday. However, Campus Security officers are on patrol 24 hours a day and may be reached at x3200 after hours.

For more information, visit brocku.ca/campus-security

Emergency Call Buttons

If you are in need of immediate assistance, there are security phones located in and around campus at more than 90 locations. Simply press the button, wait for the officer to answer, and state your problem. Campus Security can pinpoint your location and provide immediate assistance.

For more information, visit brocku.ca/campus-security/emergency-phones

Foot Patrol - Walk Safe Program

Foot Patrol is a volunteer service made available by the Brock University Students' Union, in co-operation with Campus Security Services. If you are in need of an escort to your car, or would like someone to walk you back to

residence after dark, Foot Patrol is available for you. Request for an escort can be made through Campus Security or through Foot Patrol directly, at x4700. Foot Patrol is student-run and operated and volunteers are thoroughly screened and trained. We are always looking for caring, energetic students to volunteer their time to help keep our campus safe.

For more information, visit busu.net/services

Campus Watch

Campus Watch is an initiative involving the campus community in co-operation with the police, aimed at maintaining a safe community in which to live, work, and learn. While our campus is safe, involvement in this program serves as an added deterrent. Campus Watch provides a means of reducing the opportunity for crime to occur through the active participation of the community in crime prevention. The initiative also helps to co-ordinate the efforts of the police and the community in tracking down violators. Strong community involvement is encouraged to deter crime.

For more information, visit brocku.ca/campus-security/campus-watch-news

Residence Community Patrol

Safety is of prime importance when living on campus and you can feel comfortable knowing that we go to great lengths to ensure a safe residence environment. In addition to Campus Security Services, Brock residences also employ our own student Residence Community Patrol staff, who are on duty nightly from 10 p.m. to 3 a.m.

Student staff are responsible for locking doors, securing the buildings, upholding the rules and regulations of residence, and maintaining the overall safety within the residence.

For more information, please visit brocku.ca/residence

Student Event Risk Management

Risk management allows Student Services to effectively manage risk for any event held on campus. All non-academic events organized for students, that are not part of the daily activities of a department, must go through a series of procedures in order to make certain that everyone's safety will be assured.

For more information, contact Vince Wilson, Student Conduct Manager in the Student Development Centre at x4041.

Code of Student Conduct

Brock endeavours to provide a learning environment of the highest quality, one that is supportive of scholarship and research and free from stereotyping, harassment and discrimination. The Code of Student Conduct outlines students' responsibilities, rights and privileges, unacceptable behaviour, and also the disciplinary procedures for dealing with infractions of the code.

For more information, contact Vince Wilson, Student Conduct Manager in the Student Development Centre at x4041.

Human Rights and Equity Services

The Human Rights and Equity Services Office (HRES) actively works to promote a respectful and inclusive work and learning community on campus that is free of harassment and discrimination. However, situations may still arise in which you need further assistance. The HRES provides education, advice and support for students on preventing harassment and on dealing with situations in which potential for harassment exists, such as conflicts with partners, friends, roommates and classmates. In addition, the HRES provides confidential support and advice in quickly addressing incidents of harassment on campus and linking students to additional resources so that you can return your focus to your academic career.

For more information, please visit brocku.ca/human-rights, contact the Human Rights and Equity Services Manager at x4019, or visit the office in Decew room R221.

Positive Space

The Positive Space Campaign at Brock is an initiative to raise the visibility and number of respectful, supportive, educational and welcoming spaces for lesbian, gay, bi, trans, two-spirited, queer and questioning (LGBTQ) students, staff and faculty through the dissemination of cards, posters, and buttons indicating Positive Space.
