

PEKN 4P80-4P81 CLINICAL PRACTICES IN ATHLETIC THERAPY

Joe Kenny, Adjunct Professor

Application & Information Form

PEKN 4P80 and 4P81 are courses that are in high demand for their theoretical and practical applications. These courses provide students with practical knowledge and clinical experience that they can use and immediately apply to the coaching, teaching and health care professions. Space is limited to 20 students because of the clinical internship required in the Athletic Therapy clinic.

All students must submit a typed letter indicating his/her interest in applying for admission to PEKN 4p80/81 The letter must have your summer Brock email address where you may be contacted and must be received in the Athletic Therapy Clinic by **June 10th on the year you are applying.**

The undergraduate coordinator will be given a list of all students accepted into the class and if your name is on this list you will be allowed to register for the class. **Please contact the undergraduate coordinator for your status.**

The letter should outline your interest and personal experiences related to sports injury management. Career goals, teaching experiences, experience as a student varsity trainer, experience as a student trainer in the community (e.g. club team), volunteer experience in a medical or therapy clinic, or any other related work experiences are also important to outline.

Please attach any documentation regarding: (These are **not required** however)

- Grade received in PHED 2P70 . 204
- First Aid/CPR Certificate
- Sports Injury Prevention and Care Course (Ministry)
- Sports Taping Course (Certificate)
- Other Qualifications (lifeguard, ski patrol member, wilderness survival, coaching, etc.)

Requirements

- Minimum 'B' in PEKN 2P70.
- A good understanding of your anatomy
- Suitability to work and be supervised in a university medical clinic based on lab/class performance, previous work and/or interview if required.

*Hard copies of applications preferred & email applications will be accepted.
