

Science Drop In

Our Job Your Job

☒ Help YOU feel comfortable

☒ Help YOU think through the problem

☒ Help YOU evaluate your own work (we won't tell you if it's "right" or "wrong")

☒ Give YOU the tools you need to succeed

☒ Be respectful of others
(keep the volume down, wait your turn, don't expect us to know everything)

☒ Bring all the important stuff: textbook, notes, etc.

☒ Try the problem yourself FIRST and show us your work

We help YOU help YOURSELF!
