

DEPARTMENT OF PSYCHOLOGY GRADUATE THESES

NAME	YEAR	ADVISOR	AREA	THESIS TITLE
PHD THESES				
Anum, Adote	2006	Segalowitz	BN	Predicting performance on fluid intelligence from speed of processing, working memory, & controlled attention
Busseri, Michael	2009	Sadava	SP	Investigating a dynamic modular framework for subjective well-being
Carre, Justin	2010	McCormick	BN	Social neuroendocrinology of competition
Chalmers, Heather	2004	Willoughby	LS	A comprehensive examination of adolescent gambling
Choma, Becky	2008	Hafer	SP	Why are people liberal? A motivated social cognition perspective
Costello, Kimberly	2012	Hodson	SP	Determinants and consequences of dehumanization: An interspecies model of prejudice
Desjarlais, Malinda	2010	Willoughby	LS	Novices' learning from the internet: An exploration of navigation behaviours, learner-related factors, and mental effort
Good, Marie	2011	Willoughby	LS	Exploring the development & psychosocial correlates of spirituality/religiosity across adolescence
Gosse, Leanne	2011	Hafer	SP	Role differences in the perception of injustice
Green, Michelle	2011	DeCourville	SP	Dispositional forgiveness & health in romantic relationships: An exploration of sex differences, actor effects, & partner effects
MacInnis, Cara	2013	Hodson	SP	Exploring the impact of outgroup membership discoveries on individual outcomes & intergroup relations
MacLean, Mary	2013	Arnell	BN	An electrophysiological investigation into the role of cognitive control in the attentional blink
Mathews, Iva	2010	McCormick	BN	Developmental differences in locomotor responsiveness to amphetamine in rats
Mathewson, Karen	2008	Dywan	BN	Autonomic & electrocortical indices of performance monitoring and source memory discrimination in older and younger adults
Michalica, Kerri	2010	Hunt	SP	Creativity and the schizophrenia spectrum unveiled: The similarities and the differences
Milner, Catherine	2010	Cote	BN	Sleep and information processing in individuals who have sustained a traumatic brain injury
Molnar, Danielle	2010	Sadava	SP	The light and dark sides of perfectionism: Implications for health and well-being
Perrier, Colin	2010	Sadava	SP	Posttraumatic stress disorder symptoms might be destroying your intimacy: A test of mediational models in a community sample of couples

Pozzebon, Julie	2012	Ashton	SP	Vocational interests: Construct validity and measurement
Ramey, Heather	2011	Rose-Krasnor	LS	Youth involvement in organizational decision making: The connection to youth initiative and organizational functioning
Reker, Dana	2010	Dane	LS	Relation of temperament and authoritative parenting on subtypes of adolescent aggressive behavior
Santesso, Diane	2005	Segalowitz	BN	Electrophysiological correlates of performance monitoring in middle and late adolescence
Tays, William	2011	Dywan	BN	Electrocortical indices of cognitive control in working memory: Exploring the effects of proactive interference, cognitive load, and aging
Visser, Beth	2010	Ashton	SP	An investigation of the Psychopathy Construct and its (Novel) correlates in non-clinical samples
Zheng, Xin (Reno)	2012	Segalowitz	BN	Electrophysiological investigations of the timing of face processing
MA THESES				
Adachi, Paul	2010	Willoughby	LS	The relation between video game violence and aggression
Alloway, Christie	1995	Ogilvie	BN	Electrophysiological quantification of sleepiness and the sleep onset period in normal sleepers and narcoleptics
Atkinson, Christina	2000	Belicki	SP	Interpretation of music videos: An interactive relationship between medium and viewer
Belbin, Wendy	2001	Rose-Krasnor	LS	Asymmetrical balance of power in preadolescents' mutual friendships
Bernstein, Danny	1995	Belicki	BN	Assessing the psychometric properties of dream content questionnaires
Brook, Tina	2011	Dane	LS	The form & function of aggressive subtypes: Relations with the goodness of fit between adolescent temperament & parent personality
Campbell, Kelly	2004	Rose-Krasnor	LS	Moral identity, youth engagement & discussions with parents & peers
Campbell, Sherry	2003	Rose-Krasnor	LS	Beliefs about social development in parents of aggressive & withdrawn children
Capuana, Lesley	2008	Dywan	BN	Cortical & autonomic modulation of attentional control
Carre, Justin	2007	Muir	BN	Salivary testosterone & cortisol: Role of athletic setting, game outcome & game location
Chevalier, Helene	1997	Segalowitz	BN	Gray's motivational systems, inhibitory control & attention allocation: behavioral & electrophysiological correlates of behavioral inhibition & activation
Correy, Brenda	2001	Hafer	SP	Perceived modifiability of self-blame attributions for negative life events: Implications for psychological & physical well-being

Cortese, Cathy	1999	Rose-Krasnor	LS	Parental goals among Italian-Canadian & Canadian families & their connection to socialization practices & the quality of parent-young adult relationships
Costain, Kelly	2007	Rose-Krasnor	LS	Exploring exploration: Career identity development & temperament
Costello, Kimberly	2008	Hodson		"Re-humanization": The role of human-animal similarity in reducing prejudice towards immigrants and non-human animals.
Dale, Gillian	2009	Arnell	BN	An investigation of individual differences in diffusion of attention and the attentional blink
Danielidou, Liana	2009	Book		Predictors of perception of prejudice and the role of group identification in international students
DeBono, Anthony	2008	Good	BN	The social consequences of mild head injury and executive dysfunction
Dempsey, Julie	2006	Hafer	SP	An investigation of the emotion assumptions of just-world theory
Desjardins, James	2011	Segalowitz	BN	Electrophysiological constituents of the P100 & N170 ERP complex: Deconstructing the critical timing & robustness of face processing using ICA and robust estimation
Desjarlais, Malinda	2006	Willoughby	LS	Can low domain knowledge be compensated for when using the Internet?
DesRoches, Andrea	2012	Willoughby	LS	Longitudinal associations between passions and adjustment in adolescence: Positive mood and unstructured leisure as mediators
Dobson, Jennifer	2008	Martini	SP	Motives for suppressing positive & negative emotions
Drover, Hilary	2005	Sadava	SP	"Attitude is a little thing that makes a big difference": Further exploration of attitude alignment in the context of close relationship dyads
Duff, Alison	2002	Rose-Krasnor	LS	Mother-child relationship quality and collaborative problem solving
Dyke, Danielle	2005	Segalowitz	BN	Individual differences in risk-taking and associate characteristics: A test of specificity in executive functions
Dzyundzyak, Angela	2009	Segalowitz	BN	Electrocortical responses in reward paradigms and their variation related to personality
Elms, Natalie	2007	Mondloch	LS	An investigation of the mechanisms underlying the other-race effect
Fawcett, Catherine	2006	Bogaert	SP	Individual difference factors & men's attraction to female body features
Ferlisi, Mary-Claire	1999	Segalowitz	BN	Speed of perceptual processing, spatial ability & executive functions underlying fluid intelligence in childhood & adolescence

Fogel, Stuart	2004	Cote	BN	The effects of simple procedural, cognitive procedural, and declarative learning on sleep
Fortner, Adrian	2012	Willoughby	LS	The co-occurrence of depressive symptoms and alcohol use for adolescent boys and girls” An investigation of the role of self-regulation and approach behavior
Geniole, Shawn	2012	McCormick	SP	Psychopathic traits and endocrine function as predictors of costly and non-costly reactive aggression
Goertzen, Larissa	1999	Rose-Krasnor	LS	Young children’s behavioral responses to the distress of others
Green, Matthew	2013	McCormick	BN	Disambiguating the effects of social instability stress in adolescence on learning and memory tasks that involve the medial prefrontal cortex and hippocampus
Green, Michelle	2005	DeCourville	SP	Stress, social support, and health risk behaviours as mediators of the forgiveness-health relation
Hague, Leslie	2002	DiBattista	BN	Role of learning and growth hormone releasing factor in control of protein intake
Hamza, Chloe	2010	Willoughby	LS	Perceived Parental Monitoring, Adolescent Disclosure, and Adolescent Depressive Symptoms; A Longitudinal Examination
Hatry, Alexandra	2009	Mondloch	LS	Investigating opposing aftereffects in 8-year-olds and adults
Hoffarth, Mark	2013	Hodson	SP	Subjective ambivalence and the expression of anti-gay bias
Holmes, Elizabeth	2001	Willoughby	LS	A naturalistic observation of the play behaviour of children with autism spectrum disorders
Hopkins, Melonie	1997	Dywan	BN	Physiological reactivity & the perception of emotional stimuli as they relate to social adaptive functioning after traumatic brain injury
Horner, Matthew	2012	Mondloch	LS	The effects of body posture on emotion perception: A developmental and theoretical analysis
Hosker-Field, Ashley	2011	Book	SP	Psychopathy & aggression: Examining the role of empathy
Ilios, Helen	2004	Rose-Krasnor	LS	Parenting children with communication delays
Kambouris, Irene	2000	Sadava	SP	Underemployment and depressive effect: The moderating influence of coping styles
Kennedy, Richard	2005	Dane	LS	Emergence of normative beliefs legitimizing antisocial behaviour in adolescents: The roles of monitoring, attachment, and temperament

Kertesz, Rona	2008	Cote	BN	Information processing in sleep-onset insomnia: A test of the neurocognitive model
---------------	------	------	----	--

Lamarche, Carole	1995	Ogilvie	BN	A comparison of electrophysiological changes during the sleep onset period of psychophysiological insomniacs, psychiatric insomniacs & normal sleepers
Longfield, Danielle	2010	Mondoch	LS	The influence of emotional body posture on adults' and 8-year-olds' perception facial expressions
MacInnis, Cara	2009	Hodson	SP	Perceptions of intergroup bias: The roles of social projection and meta-stereotypes
Macintosh, Ashley	2012	Rose-Krasnor	LS	Precursors to successful youth-adult partnerships: The role of adult warmth and expertise
MacLean, Mary	2009	Arnell	BN	The electrophysiological investigation into the influence of affect on the attentional blink
Markovic, Andrea	2010	Rose-Krasnor	LS	Predictors of Shy Children's Coping with a Social Conflict: Mediators and Moderators
Marsman, Ian	1995	Segalowitz	BN	Negative & positive priming in poor and good readers: An ERP study
Martin, Cory	2001	Ogilvie	BN	EMG detection of sleep onset compared to standard EEG measures
Mathews, Iva	2007	McCormick	BN	Locomotor sensitization & conditioned place preference for amphetamine in late adolescent & adult male and female rats
Mathewson, Karen	2002	Dywan	BN	The influence of age on the relationship between attentional control and vagal tone
McKenzie, Tammy	2001	DiBattista	BN	CCK, dietary variety and food intake in rats
Michalica, Kerri	2005	Belicki	SP	The role of personality and situational factors in forgiveness
Miller, Fiona	1995	Belicki	LS	The relation of attentional, emotional, & social regulation to cognitive competence, from infancy to school entry
Milner, Catherine	2004	Cote	BN	The role of daytime napping on sleepiness and cognitive function in 24-70 year olds
Molnar, Danielle	2004	Sadava	SP	Attachment and alcohol: Testing a motivational model of problem drinking
Morden, Alexa	2013	Brudzynski	BN	The role of orexin-A in anxiety & the emission of ultrasonic vocalizations in rats
Morrish, Jane	2011	Rose-		The relationship between youth risk-taking behaviour and

		Krasnor		activity engagement
Murphy, Tim	1995	Ogilvie	BN	An electrophysiological examination of intentional & inadvertent sleep onset: The effect of intention on the sleep onset process
Murphy, Wendy	1995	Rose-Krasnor	LS	A social-cognitive model of monitoring as its relationship to behaviour in a naturalistic observation: Developmental & individual differences

Newman, Kristin	2000	Sadava	SP	Motivational model of problem drinking for men and women
Oates-Johnson, Tina	1996	DeCourville	SP	Weight preoccupation, personality, & depression in university students: An interactionist perspective
Obertynski, Monika	1996	Hafer	SP	The effects of language complexity in a counterattitudinal appeal to laypeople
Palling, Patricia	1998	Segalowitz	BN	Predictors of academic achievement & social competence in adolescence: Facilitation, inhibition & general cognitive processing
Pozzebon, Julie	2006	Ashton	SP	Personality traits & personal values: An investigation into the importance of each in the prediction of behaviour
Purslow, Carol	2009	Hunt	SP	Death anxiety and experiences of transcendence: Peak experiences of skydivers
Qian, Jian	2000	Preston	SP	Reality status evaluation in mediated experience
Ralph, Roslyn	1999	Rose-Krasnor	LS	Children's rights and parenting beliefs: A study of attitudes, beliefs and emotions
Renn, Ryan	2012	Cote	BN	Frontal lobe function and performance monitoring following total sleep deprivation
Rourke, Jessica	2006	Belicki	SP	Towards the development of a questionnaire of forgiveness-seeking motives & behaviours
Rubel, Alicia	2012	Belicki	SP	Forgiveness in two minds: Understanding forgiveness through dual-process theory
San Cartier, Nancy	2000	Brudzynski	BN	The role of the GABAergic system in the production of ultrasonic vocalization in rats
Sangalang, Pierre	2006	Hodson	SP	I like my beer cold, my TV loud & my homosexuals flaming: Preference for stereotype congruency as a function of a situation by person interaction
Sanichara, Sonia	2005	Segalowitz	BN	ERP evidence supporting a frontal hypothesis of ADHD
Santamaria, Belinda	2003	Dywan	BN	Psychophysiological measures of the perception of facial identity and emotion in individuals with a traumatic brain injury

Santesso, Diane	2003	Segalowitz	BN	Electrophysiological correlates of temperamental approach and avoidance
Scott, Pam	1998	DeCourville	SP	Factors affecting a woman's decision to leave an abusive relationship: The theory of planned behaviour
Semplonius	2013	Mondloch	LS	An investigation of the role of attention in the cross-race effect: An ecological approach
Short, Lindsey	2010	Mondloch	LS	The Development of Norm-Based Coding and Category-Specific Face Prototypes: An Examination of 5- and 8-Year-Olds' Face Space

Skorska, Malvina	2012	Bogaert	SP	An investigation of the relations among sexual orientation, objective height, and height distortion
Smith, Brian	2007	Cote	BN	A dose-response investigation of the attentional blink during sleep restriction
Smith, Debra	2001	DeCourville	LS	A five-factor model of grief: A Q-methodological study
Snelgrove, Peter	2005	Sadava	SP	Vulnerability to adverse consequences of drinking & problem drinker status as predicted by risky drinking behaviours, drug use sex differences, & affect: A test of multiple models
St. Cyr-Baker, Julie	2009	Good	BN	Investigating the effects of arousal state on cognitive performance in individuals with and without mild head injury
St. Pierre, Joel	2007	Brudzynski	BN	The effects of Quinpirole on eliciting 50 kHz calls from the fat nucleus accumbens
Stack, Holly	2005	Rose-Krasnor	LS	The role of motivational systems in community service involvement: Initiating & sustaining factors & quality of experience
Stewart, Craig	2000	Ogilvie	BN	Subjective, behavioural, and electrophysiological measurements of the time-course and intensity of sleep inertia after a full night of sleep
Stewart, Tammy	2006	DeCourville	SP	Explorations & comparisons of actual, ideal & ought forgiveness definitions: A Q-methodological study
Stokes, Kirk	2010	Arnell	BN	Extending the Irrelevant Sound Effect Beyond Serial Recall
Stoliar Ben-David, Faina	1997	Sadava	SP	A model of personality & health: The perfectionism-health connection
Stoner, Amanda	2011	Dane	LS	Parent and peer factors relating to adolescent antisocial behaviour; Investigating the moderating role of temperament
Tan, Felicia	2009	Rose-	LS	Living between two cultures: Personality and adaptation in

		Krasnor		Chinese immigrant youth
Tays, William	2005	Dywan	BN	Age-related changes in ERP's associated with context-based and response-based interference
Thomson, Kendra	2007	Mondloch	LS	Sensitivity to differences between posed & genuine facial expressions: Are children easily fooled?
Turner, Deborah	1997	Nadon	SP	Cognitive set, absorption & achievement as moderators of the perceptual closure effect in picture priming
Vaisanen, Esko	2001	Good & Tyson	BN	Non-invasive measurement of trigeminal nerve somatosensory evoked potentials
Van Noordt, Stefon	2011	Segalowitz	BN	Hot cognition and activation of the medial prefrontal cortex: Self-regulating in contexts involving motivational pressures
Veenhof, Wilma	1997	Dywan	BN	ERP & cardiovascular correlates of source memory discrimination in older & younger adults
Visser, Beth	2005	Ashton	SP	Beyond g: Putting multiple intelligences theory to the test
Waters, Patti	2010	McCormick	BN	The immediate Enduring Effects of Corticosterone Administration on Anxiety-Like & Depressive Behavior
Weissflog, Meghan	2010	Segalowitz	BN	Behavioural and neural correlates of emotion recognition as a function of psychopathic personality traits
Wheeler, Sarah	2010	Book	SP	The convergence of psychopathy, self-rated vulnerability, and other-rated vulnerability
Williams, Ben	1999	Ogilvie	BN	Electrophysiological analysis of the sleep onset period: A comparison between subjects with long-term insomnia complaints associated with mild traumatic brain injury & matched controls
Williams, Julia	2011	Good	BN	The influence of arousal on moral decision making for individuals with or without mild head injury
Wintink, Amanda	2000	Brudzynski	BN	The role of the dopaminergic system in the production of ultrasonic calls in adult rats
Worth, Narnia	2007	Book	SP	Psychopathy and self-monitoring: Additive & interactive effects on self-presentation tactics
Zhao, Junru	2006	Rose-Krasnor	LS	Implicit self-theories of shyness: Predictors & correlates of preadolescence
Zheng, Xin (Reno)	2008	Segalowitz	BN	What happens in the first 200 ms of word reading: ERP studies on visual word recognition with top-down and bottom-up approaches
Zhu, Yingfang	2010	Martini	LS	Cognitive consequences of suppressing emotion: Effects of sex and emotional valence

Updated October 2013
