

# Estimate Comparison for Keys, Key Pad or Swipe Card Unit

Pricing may vary according to each individual job. Taxes not included.

## Keys – Medeco

Standard Costs includes materials, installation and labour charges

1 New Medeco Cylinder (@ \$76.59 each)	\$76.59
Pinning material per Medeco Cylinder (@\$11.00 per cylinder)	11.00
2 Medeco Key (@ \$11.36 each)	22.72
2 Hours of Labour (@ \$38.90 per hour)	77.80
<b>TOTAL COST FOR A LOCK CHANGE WITH A NEW CYLINDER</b>	<b>\$188.11</b>
<b>TOTAL COST FOR A LOCK CHANGE USING AN EXISTING MEDECO CYLINDER</b>	<b>\$111.52</b>

Note: the Labour Charge may vary due to unforeseen circumstances.

## Key Pad Charges

Recommended for high use areas i.e., if you are ordering 15 keys or more. It is more economical than to have extra keys cut every term and then having to have a lock change because not all of the keys were returned to the department. The Key Pad is maintained by the department so you can change the number code whenever you feel it is necessary, once every term is recommended. However, if you need to track users due to sensitive/costly equipment then a Swipe Card System is recommended.

1 Key Pad Unit (includes tax)	\$650.00
2 Hours of Labour (@ \$38.90 per hour)	77.80
<b>TOTAL:</b>	<b>\$727.80</b>

Note: Price maybe less depending upon the locking system used.

## Swipe Card Access – Isonas Readers

Swipe Card Access is used for high use areas and/or the need for high security. With this system you will be able to view who accessed the door and when. The system gives the department total control of doors kept ajar alarms/remote history/time zones. Telecommunication will train and support all system users at no extra cost.

Isonas Readers installed with cabling.	\$900 - \$1200
Door hardware installed varies. Dependent on door type and style.	\$400 - \$700
<b>Complete Isonas System installed per door</b>	<b>TOTAL: \$2000</b>
With the Isonas you do not need licenses as it is web base access for the users.	
<i>We are no longer installing the Identocard System, but they will still be supported by TNS.</i>	

Note: The price will vary with each job an onsite visit is necessary.
