

Dear participant,

Please note that you can register in advance or on site on the day of the workshop.

The Visual Culture of the Americas Workshop registers participants in three categories: presenters, keynote speakers and general participants. General participants contribute in their own right to discussion and make an important contribution.

As general participants in the Visual Culture of the Americas 2010 Workshop you will thus bring your own areas of interest, research, expertise.

Organizers are collecting as much information as they can from general participants who confirm their participation with enough time to be included in the program. Hence we would like to invite you to send the following information as soon as possible:

- 1) Name and full contact information
- 2) Short CV
- 3) Short bio
- 4) A short summary of general areas of interest
- 5) Geographical area/time-frame of specialization
- 6) A two-line summary of your take on the visual field and what you will bring for discussion
- 7) Two or three questions you would like co-participants and audience to discuss for pre-circulation

Please send this to the following email address and indicate in the subject heading: '**General Participant Registration**'. Email to: msuescunpozas@brocku.ca

Finally, we would like to ensure full accessibility. The Workshop will take place at the Sankey Chamber. Please get in touch with us to further discuss this. You may send your request in an email addressed to msuescunpozas@brocku.ca. Use the following line in the subject heading: '**General Participant Accessibility**'.

Please invite friends to join us for the entire day and evening activities, this is a very special event in its combination of scholarly/community organizations/general public coming together not just to discuss the meaning of the visual in their fields of interest but to engage in a hands-on approach to it -- hence the Mirror Theater Performance and the Print Workshop, both combining demonstration and participation (in both instances the audience is transformed into an active participant).

On behalf of the organizers and the team working on ensuring this Workshop is an inspiring experience I would like to thank you for your support.

Warm regards,

Maria del Carmen Suescun Pozas
