Date (m/d/y)

Signature (Supervisor or designate*)

Date (m/d/y)

* If you are designating another person to be a supervisor, this person must meet the requirements of being a competent supervisor. Specifically, they have the knowledge, training and experience in the work, familiarity with potential risks associated with such work and how to mitigate them, and is familiar with any environment, health and safety legislation that applies to the work. Supervisors are required to take every precaution reasonable in the circumstances for the protection of a worker, including students.
